

G2 SERIES TOWER TO MONOPOLE CONVERSION KITS

Easily convert ANDREW G2 Series tower mounts into monopole mounts with the all-new **3 sector and 4 sector sector frame conversion kits**. This standardized solution supports a wide range of monopole diameters and sector layouts, enabling consistent, efficient, and scalable deployments across diverse tower infrastructures.

By enabling customers to order and stock a single sector frame variation plus conversion kits, this new solution reduces operational complexity, optimizes inventory management, and ensures compatibility across multiple tower types.

SF-MONO-AMK-001

Features

- **Universal Fit** Accommodates monopole diameters up to 50 inches, eliminating the need for multiple sector frame models.
- **Multi Layout Compatibility** Supports both 3 sector and 4 sector configurations
- **Cross Tower Compatibility** Enables SFG tower mounts to be installed across various tower types, including guyed towers, self-support towers and monopoles, ensuring broad deployment flexibility.
- **Robust Construction** Engineered to meet industry standards for structural integrity and maintain mount ratings across tower types to ensure long term reliability in diverse environmental conditions.
- **Standardized Design** Reduces the number of SKUs by approximately 50%, simplifying procurement, stocking, and field operations.

Benefits

- **Operational Efficiency** A single, standardized sector frame solution reduces part variation, simplifying training, installation, and ordering.
- **Inventory Optimization** SKU reduction lowers storage requirements, decreases capital tied up in inventory, and improves supply chain forecasting.
- **Faster Deployment** Universal compatibility minimizes the risk of delays caused by missing or mismatched components, enabling quicker project completion.
- **Cost Savings** Reduced inventory complexity and streamlined procurement processes lower administrative and logistical costs.

Part Number	Description
SF-MONO-AMK-001	3-sector tower-to-monopole sector frame conversion kit for monopoles 12" to 50" OD—including mounting pipe attachment
SF-MONO-AMK-002	3-sector tower-to-monopole sector frame conversion kit for monopoles 12" to 50" OD—with taper bracket mounting
SF-MONO-AMK4-001	4-sector tower-to-monopole sector frame conversion kit for monopoles 10" to 50" OD—including mounting pipe attachment
